Applying Your Literary/Artistic Skills to the Pre-Health Experience

When: Tuesday, April 14th  
Where: SLB 2064 at 5:30pm

Narrative medicine is a growing trend in health professions schools and the health field in general. The idea is to give caregivers a voice, to share their perspectives on the experience of helping others. This is often done through written expression (prose or poetry) or art (drawing/painting/photography). We want to give the pre-health students at UCD a voice and a place to tell their narratives. These stories could include the clinical experiences you have had during college, research experiences or even academic or social experiences. The idea is simply to create a space for pre-health students to express themselves artistically.

Everyone is welcome to attend. No artistic talent is required. Come learn, think and share with others interested in hearing and telling stories about health and humanity.

**Getting Transcript Notation for Internships**

Want Transcript Notation (TN) for your internship? Want TN for doing research with a professor? Many students who participate in internships or research at UC Davis are not aware they can receive Transcript Notation (TN). The Internship & Career Center offers Transcript Notation to students who work at an approved and supervised internship for at least 40 hours per quarter. With just a bit of online paperwork, you can have your internship title, location and quarter taken noted on your official UC Davis transcript.

Want academic units instead? See [http://iccweb.ucdavis.edu/students/AcademicCredit.htm](http://iccweb.ucdavis.edu/students/AcademicCredit.htm)

Students Now Have Access to Unofficial Transcripts

The day has finally come!!!

Students can now request an unofficial transcript through myucdavis. Students can access this option by selecting “Student Records” from the Academics menu, then select “Academics” under Your Records. This will provide a pdf and unofficial record of the student’s UC Davis academic transcript. It is almost identical to the official transcript – displaying all of the students courses, grades, UC units, transfer units, and gpa. The unofficial transcript is not a copy of the Banner internal advising transcript and the transfer education page is not included on the unofficial transcript.
